**PRIMARY EXAMINER**

***Detailed Action***

1. This action is responsive to communication: original application filed 07 July 2000.
2. Claims 1-13 are currently pending in this application. Claims 1, 3, 4, and 5 are independent claims.

**Election/Restrictions**

3. Restriction to one of the following inventions is required under 35 U.S.C. 121:
  - I. Claims 1, 2, and 12 are drawn to a computer security system included policy builder feature, classified in class 713, subclass 201.
  - II. Claims 3, 4, and 13 are drawn to data processing presentation included graphic user interface feature, classified in class 715 subclass 514.
  - III. Claims 5-11 are drawn to data processing presentation included structured document format, classified in class 715 subclass 513.
4. The inventions are distinct, each from the other because of the following reasons:

Inventions I through III are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention (I) has separate utility such as policy builder, invention (II) has separate utility such as a graphic user interface, invention (III) has separate utility such as policy builder with an XML format (See MPEP § 806.05(d)).
5. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

6. Because these inventions are distinct for the reasons given above and the search required for Group I is not required for Group II and Group III restrictions for examination purposes as indicated is proper.

7. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

8. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the -fee required under 37 CFR 1.17(i).
